

THIRD
CIRCULAR

MINING IN ASIA INTERNATIONAL SYMPOSIUM

25 JULY 2018

VENUE:
CONFERENCE HALL
CRCS BUILDING, 3RD FLOOR
INSTITUT TEKNOLOGI BANDUNG

For more information please Contact:
Study Program of Mining Engineering
Faculty of Mining and Petroleum Engineering ITB
Labtek IVa Building, 2nd Floor,
Jl. Ganesha No. 10 Bandung 40132 West Java - Indonesia
Website: miasomp2018.org
Email: dep-ta@mining.itb.ac.id
Phone: +62 22 250 2239, Fax: +62 22 250 4209

Mining in Asia International Symposium

"Mining in Asia: Current Status and Prospects"

REGISTRATION FEE

Mining in Asia International Symposium	US\$ 100/person
SOMP Regional Meeting	US\$ 100/person
Mining in Asia & SOMP Regional Meeting	US\$ 150/person
Field Trip (Limited Seat)	US\$ 100/person

APPLICATION FORM

Name : Mining in Asia
International Symposium

Company : The 8th SOMP
Regional Meeting 2018

Telephone : Field Trip

Email :

Sponsored By:

Supported By:

Mining in Asia International Symposium

"Mining in Asia: Current Status and Prospects"

Institut Teknologi Bandung,
Indonesia, 25 July 2018

International Symposium

Institut Teknologi Bandung, 25 July 2018

Field Trip

Pongkor Gold Mine Business Unit,
PT. ANTAM (Persero), Tbk
28 July 2018

Chair:

Dr.-Ing. Ir. Aryo Prawoto Wibowo, M.Eng.
Email : arwi@mining.itb.ac.id
Phone : +6281 2202 9234

Head of Meeting and International Seminar:

Prof. Dr. Ir. Rudy Sayoga Gautama
Email : r_sayoga@mining.itb.ac.id
Phone : +6281 2232 4234

Mining in Asia International Symposium

"Mining in Asia: Current Status and Prospects"

BACKGROUND

Recent data from USGS shows that minerals and coal production from Asian region is increasing significantly in the last decade and even for some minerals such as aluminum, nickel and copper ores as well as coal the production from Asian countries reaches more than 50% of global production. This is an indication of increasing number of mining activities in those countries which is subsequently followed by increasing demand of mining professionals.

The development of mining industry in developing country is always generating several issues, among others the optimum economic benefit to the home country, suitable policy for mining investment, national mining professional vs expatriates, environmental impact management or local social and economic challenges. In short, those issues are related to the sustainable development of mining.

Such important issues in mining industry development including mining education will be discussed in an international symposium Mining in Asia. Sharing of experiences from different countries or regions will be the main goal of this event.

This symposium is an integrated activity with Society of Mining Professors (SOMP) Regional Meeting which will be held on July 26 – 28, 2018.

THEME

This Society of Mining Professors regional meeting will be preceded by an international symposium to obtain the latest updates on mining in Asia and its future prospect. The theme of this symposium is Mining in Asia: Current Status and Prospects.

Sub-themes of the symposium include:

- Mining Geology & Exploration Technology
- Mining Technology
- Minerals Processing Technology
- Environmental Issues of Mining
- Mineral Economics and Policy
- Novel Mining Technology

25 JULY 2018 - Mining in Asia International Symposium

Wednesday, July 25, 2018			
08.00 - 08.30	Registration Opening		
08.30 - 08.40	Welcoming Speech - Prof. Dr. Rudy Sayoga Gautama (Chairperson of Conference and International Symposium)		
08.40 - 08.50	Opening Speech - Prof. Dr. Kadarsah Suryadi (The Rector of ITB)		
08.50 - 09.20	Keynote Speech 1 - Dr. Ir. Muhammad Wafid A.N, M.Sc (Director of Directorate of Mineral and Coal Program Supervision, Ministry of Energy and Mineral Resources of The Republic Of Indonesia)		
09.20 - 09.40	Keynote Speech 2 - Ir. Dobby Rahadi, M.T. (Director of Directorate of Metal Based Material Industry, Ministry of Industry of The Republic of Indonesia)		
09.40 - 10.00	Coffee Break		
Plenary Session			
10.00 - 10.20	Speaker A - Ir. Maringan Ido Hotna Hutabarat, MSM (Chairperson of Indonesian Mining Association)		
10.20 - 10.40	Speaker B - Prof. Dr. rer. Pol. Jurgen Kretschmann / TH Georg Aricola		
10.40 - 10.50	Moving to Parallel Session Room A	Moving to Parallel Session Room B	Moving to Parallel Session Room C
10.50 - 11.10	Speaker 1 - Mining Engineering & Technology 1 - (Mitra, et al)	Speaker 1 - Mining Geology & Exploration 1 (Arribas)	Speaker 1 - Mineral Economics & Policies 1 (Nguyen, et al)
11.10 - 11.30	Speaker 2 - Mining Engineering & Technology 2 (Sasaoka, et al)	Speaker 2 - Mining Geology & Exploration 2 (Koike, et al)	Speaker 2 - Mineral Economics & Policies 2 (Pany, et al)
11.30 - 11.50	Speaker 3 - Mining Engineering & Technology 3 (Antam)	Speaker 3 - Mining Geology & Exploration 3 (Heriawan)	Speaker 3 - Mineral Economics & Policies 3 (Valentina, et al)
11.50 - 13.00	Lunch Break		
Plenary Session			
13.00 - 13.20	Speaker C - Prof. Dr. -Ing. Carsten Drebenstedt / TU Bergakademie Freiberg		
13.20 - 13.40	Speaker D - Prof. Serkan Saydam / University of New South Wales		
13.40 - 13.50	Moving to Parallel Session Room A	Moving to Parallel Session Room B	Moving to Parallel Session Room C
13.50 - 14.10	Speaker 4 - Mining Engineering & Technology 4 (Pootrakul)	Speaker 4 - Environmental Issue of Mining 1 (Uematsu, et al)	Speaker 4 - Mineral Processing Technology 4 - (Putra)
14.10 - 14.30	Speaker 5 - Mining Engineering & Technology 5 (Peterson)	Speaker 5 - Environmental Issue of Mining 2 (Noerfaida, et al)	Speaker 5 - Mineral Processing Technology 5 - (Sanwani, et al)
14.30 - 14.50	Speaker 6 - Mining Engineering & Technology 6 (Liu)	Speaker 6 - Environmental Issue of Mining 3 (Pranoto, et al)	
14.50 - 15.00	Moving to Plenary Room		
15.00 - 15.15	Coffee Break		
Plenary Session			
15.15 - 15.35	Speaker E - Assoc. Prof. Domingo Javier Carjaval / University of Huelva		
15.35 - 15.45	Moving to Parallel Session Room A	Moving to Parallel Session Room B	Moving to Parallel Session Room C
15.45 - 16.05	Speaker 7 - Mineral Processing Technology 1 (Phengsaart, et al)	Speaker 7 - Mining Geology & Exploration 4 (Syafriazal)	Speaker 6 - Mining Engineering & Technology 7 (Ri, et al)
16.05 - 16.25	Speaker 8 - Mineral Processing Technology 2 (Azuma, et al)	Speaker 8 - Mining Geology & Exploration 5 (Fikri, et al)	Speaker 7 - Mining Engineering & Technology 8 (Aryanda, et al)
16.25 - 16.45	Speaker 9 - Mineral Processing Technology 3 (Khaing, et al)	Speaker 9 - Mining Geology & Exploration 6 (Syarifin, et al)	Speaker 8 - Mining Engineering & Technology 9 (Elizabet, et al)
16.45 - 18.00	Laboratory Tour		
18.00 - 21.00	Conference Dinner		

28 JULY 2018 - Field Trip

Field Trip : Pongkor Gold Mine - PTANTAM (Persero), Tbk.

- Start from Bandung (27 July 2018)
- Overnight in Bogor
- Leaving for the Pongkor Gold Mine (06:30 am - 28th July 2018)

IMPORTANT DATES

25 July 2018	Mining in Asia International Symposium
26 - 27 July 2018	The 8 th SOMP Regional Meeting 2018
28 July 2018	Field trip
